

# IN-LINE WATER SOFTENER

Thank you for selecting this fine product from GRIOT'S GARAGE. **IN-LINE WATER SOFTENER** is a simple in-line filter that delivers mineral free water for a spot free rinse. The filter uses color-changing de-mineralizing mixed bead resin that filters tap water. This special color change indicator resin changes from green to purple to signal when replacement is due. Your local water quality will dictate filter life. You may get as few as 5 washes in the hardest water areas but as many as 80 washes in softer water conditions. To help prolong filter life, use water from the In-Line Water Softener sparingly and only during the final rinse. Enjoy the best!

## USEFUL INFORMATION

The **IN-LINE WATER SOFTENER** canister uses quick-connect fittings for a fast and easy connection. We include the following fittings with the system:

**1- Male Faucet Connector (picture A)**

**1- Double Female Brass Fitting (picture B)**

**1- Kink-Free Hose (picture C).**

**3- Quick-Connect Fittings (picture D)**

PICTURE A

PICTURE C

PICTURE D

To start, attach the **Male Faucet Connector** to the water spigot. Next attach the **Double Female Brass Fitting** to the male end of the kink-free hose. Attach a **Quick-Connect Fitting** to both ends of the **Kink-Free Hose**. Connect the **IN-LINE WATER SOFTENER** canister to one of the **Quick-Connect Fittings** on the **Kink-Free Hose**.

**NOTE:** Attach this assembly to your water spigot only when you're ready to rinse. To finish, attach the last **Quick-Connect Fitting** to the female end of your water hose. Connect the water hose to the **Male Faucet Connector** at the spigot for washing and install the filter assembly to rinse. For leak-free operation make sure all connections are snug and the sealing gaskets are properly seated.

## DISCLAIMER

Our filter only removes mineral content from the water. Organic matter is removed to a lesser extent but we do not recommend its use for drinking water. GRIOT'S GARAGE is not responsible for any misuse of the **IN-LINE WATER SOFTENER** for any injury or damage incurred to any person or object related to the **IN-LINE WATER SOFTENER**.
