

STINKY-BE-GONE

Thank you for ordering this fine product from GRIOT'S GARAGE.

USEFUL INSTRUCTIONS

Stinky-Be-Gone is made from 100% natural, non-toxic volcanic mineral and will eliminate (not simply cover up) virtually any odor. Gasoline, smoke, automotive exhaust, mustiness, mildew - it handles them all. Just remove the cellophane wrapper and place anywhere in your car (under your seat is fine), trunk, basement, garage, laundry room, under the kitchen sink, baby room, etc. Odors are actually trapped within the product's molecular structure. To regenerate, use either of the following methods:

Every 8-10 months, place bag outside in direct sunlight for 6 to 8 hours.

Every 3 years or as needed, soak in 10% saltwater solution for 24 hours, then rinse with fresh water and sun dry.

Although non-toxic, this product should be stored out of reach of children.

ANSWERS TO YOUR QUESTIONS

Should you want to order more STINKY-BE-GONE, or for a complete selection of quality. GRIOT'S GARAGE products, please write, use the internet or call us toll-free. Reorder item number 92316 for one bag or item number 92318 for three bags.
