

AUTOBAHN MIRROR

Thank you for selecting this quality Griot's product. The **AUTOBAHN MIRROR** is designed to be mounted on the inside of your car to increase your visual range five fold, eliminating the blind spot and allowing you to quickly and clearly view the traffic around you. Enjoy the best!

INSTALLATION INSTRUCTIONS

1. Snap the support arm into the socket on the mirror. You can use one or both of the support arms, depending on application.
2. Find and mark the spot on either the inside of the windshield or the dashboard where you want to mount the mirror (if you're mounting it on the inside windshield, choose a spot approximately two inches from the "A" pillar).
3. Clean and dry the area where the mirror is to be mounted. Vinyl dashboards must be dry and clean of any protectants or dressings. In cold weather, make sure to heat the car beforehand as adhesive will not adhere securely on a cold or damp surface.
4. Peel off the protective film from the mounting bracket and press it firmly onto the marked spot.
5. Place a large object (another vehicle, person, etc.) in your vehicle's blind spot and adjust the **AUTOBAHN MIRROR** so the object is clearly visible. (See picture below)

DISCLAIMER

GRIOT'S GARAGE is not responsible for the misuse of the **AUTOBAHN MIRROR** or for any injury or damage incurred to any person or object related to the **AUTOBAHN MIRROR**.

ANSWERS TO YOUR QUESTIONS

To order another **AUTOBAHN MIRROR**, or for a complete selection of quality GRIOT'S GARAGE products, please write or call us toll-free at 800-345-5789. Or visit us at www.griotsgarage.com. Reorder item number 82020.
