

Have fun in your garage!®

Safety Data Sheet Leather Scent

SECTION 1: PRODUCT AND COMPANY INFORMATION

Product Identifiers

Name: Leather Scent
Number: 11229LEAST, 99969
Brand: Griot's Garage
Product Use: Interior Car Air Freshener

Supplier

Name: Griot's Garage Inc. - www.griotsgarage.com
Address: 3333 South 38th Street – Tacoma - WA 98409
2185 Airwest Blvd – Plainfield - IN 46168

Telephone: 800-345-5789 - 888-252-2252 Fax - info@griotsgarage.com

Emergency Phone: 800-345-5789

Prepared/Revised: October 26, 2016

SECTION 2: HAZARD IDENTIFICATION

Classification of the substance or mixture

Physical Hazards: Not classified.
Health Hazard: Aspiration Hazard - Category 1 – May be fatal if swallowed and enters airways
Environmental Hazards: Not classified

GHS Label elements and precautionary statements

Pictogram: Exploding Chest

Signal Word: Danger

Prevention: None applicable.

Response: If swallowed: Immediately call a Poison Center or physician DO NOT induce vomiting.

Other Exposures:

Inhalation: Inhalation of mists may cause irritation.

Skin: Repeated or prolonged contact may cause skin irritation.

Eye: Contact may cause irritation to the eyes, resulting in redness or swelling.

Ingestion: Aspiration hazard, may cause lung damage. Ingestions may cause gastrointestinal irritation with nausea and diarrhea.

Target Organs:

Acute: Eyes, Skin, Respiratory System

Chronic: None Known.

Storage:

Store locked up.

Disposal:

Dispose of contents/container in accordance with local/regional/national regulations.

Hazards not otherwise classified (HNOC) or not covered by GHS

NFPA Rating: Health hazard: 2 Fire Hazard: 1 Reactivity Hazard: 0

Supplemental Information

See Section 16 for alphanumeric H-Statements and P-Statements.

SECTION 3: COMPOSITION/INFORMATION ON INGREDIENTS

Component	CAS	Percent
Alkanes, C12-14-iso-	68551-19-9	80 – 95

Each of the other components is present in less than 1 percent concentration (0.1% concentration for potential carcinogens, reproductive toxins, respiratory tract sensitizers, and mutagens)

SECTION 4: FIRST AID MEASURES

Description of first aid measures

General advice

Move out of dangerous area. Consult a physician if you feel unwell. Show this safety data sheet to the doctor and first responders.

In case of eye contact:

If chemical contacts the eyes, open victim's eyes while under gentle running water. Use sufficient force to open eyelids. Have victim "roll" eyes. Minimum flushing is for 15 minutes. Remove contact lenses, if worn. Seek medical attention.

In case of skin contact

First aid not normally required. Remove contaminated clothing, taking care not to contaminate eyes. Wash area of contact with soap and water. Wash clothing before reuse. Get medical attention if irritation occurs and persists.

If inhaled

If chemical is inhaled, or breathing is difficult, remove victim to fresh air. If necessary, use artificial respiration to support vital functions. Seek medical attention.

Safety Data Sheet: Leather Scent

If swallowed

If chemical is swallowed, call a physician or poison control center for most current information. If professional advice is not available, do not induce vomiting. Never induce vomiting or give diluents (milk or water) to someone who is unconscious, having convulsions, or who cannot swallow. Victims of chemical exposure must be taken for medical attention. Take a copy of label and SDS with the victim to the health professional.

Medical Conditions Aggravated by Exposure:

Persons with pre-existing skin disorders, eye problems, and impaired respiratory function may be more susceptible to the effects of the substance.

Indication of any immediate medical attention and special treatment needed: Treat symptomatically.

SECTION 5: FIREFIGHTING MEASURES

Flashpoint: >200°F
Autoignition Temperature: Not available.
Fire Extinguishing Materials: Dry chemical, foam, CO₂
Special Firefighting Procedures

Incipient fire responders should wear eye protection. Structural firefighters must wear Self-Contained Breathing Apparatus and full protective equipment. Isolate materials not yet involved in the fire and protect personnel. Move containers from fire area if this can be done without risk; otherwise, cool with carefully applied water spray. If possible, prevent runoff water from entering storm drains, bodies of water, or other environmentally sensitive areas.

Unusual Fire and Explosion Hazards

None known.

SECTION 6: ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures

Use appropriate safety equipment. Keep unnecessary and unprotected personnel from entering the area. Keep upwind of spill. Ventilate area of leak or spill. No smoking in area. For large spills, warn public of downwind explosion hazard. Proper protective equipment should be used. then place in suitable container.

Environmental precautions

Prevent from entering into soil, ditches, sewers, waterways and/or groundwater.

Methods and materials for containment and cleaning up

Contain spilled material if possible. Absorb spill with inert material (e.g. vermiculite, sand or earth). Collect in suitable and properly labeled containers.

Notification

Any spill or release to navigable water that causes a visible sheen upon the water must be reported immediately to the National Response Center (800/424-8802), as required by U.S. federal law. (See section 13, Disposal Considerations.

SECTION 7: HANDLING AND STORAGE

Precautions for safe handling

Avoid contact with skin and eyes. Avoid inhalation of dust for dry products and vapor or mist for liquids. When product is flammable or combustible, keep away from sources of ignition - No smoking. Take measures to prevent the buildup of electrostatic charge. Do not eat, drink, smoke or apply cosmetics while handling this product. For precautions see Section 2.

Conditions for safe storage, including any incompatibilities

Keep container tightly closed in a dry and well-ventilated place. Containers which are opened must be carefully resealed and kept upright to prevent leakage.

SECTION 8: EXPOSURE CONTROL AND PERSONAL PROTECTION

Control parameters

Component Exposure Limits

Alkanes, c12-14-iso-(68551-19-9) – Manufacturer 1,200 mg/m³. No OSHA – NIOSH – ACGIH exposure limits.

Safety Data Sheet: Leather Scent

Ventilation and Engineering Controls

Eye/face protection Use adequate ventilation to ensure exposure levels are maintained below the established limits. Face shield and, or safety glasses are recommended where misting or splashing is a risk. Use equipment for eye protection tested and approved under appropriate government standards such as NIOSH (US) or EN 166(EU).

Skin protection Wear protective gloves/protective clothing. Coveralls, rubber aprons, or chemical protective clothing made from natural rubber are generally acceptable. Dispose of contaminated gloves after use in accordance with applicable regulations and good practices. Wash and dry hands. Wash contaminated clothing and decontaminate shoes before reuse.

SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES

Information on basic physical and chemical properties

General Information:

- Physical Form: Liquid
Color: Clear pale yellow
Odor: Leather
Boiling Point/Range: Not Determined
Flash Point: > 200°F
Auto Ignition Temp: Not Determined
Decomposition Temperature: Not Determined
Lower Flammability Limit: Not Determined
Upper Flammability Limit: Not Determined
Vapor Pressure (psi @100°F): Not Determined
Vapor Density: Heavier than air
Freezing Point/Melting Point: < 32°F
Solubility (Water): Not Determined
Specific Gravity: Not Determined
Partition Coefficient (n-octanol/water): Not Determined
Evaporation Rate (n-BuAc=1): <1.0
Viscosity: Not Determined
pH: Not Determined

Other Information:

- Volatility: Not Determined
VOC g/l/lb/gal: Not Determined

Note: Physical Data is typical values based on material tested, but may vary based on composition. Values should not be accepted as guaranteed for every lot or as specifications for this product.

SECTION 10: STABILITY AND REACTIVITY

- Reactivity: Does not react under normal conditions of use.
Chemical Stability: Stable under normal conditions of use and storage.
Conditions to Avoid: None known.
Hazardous Reactions/Decomposition Products: Does not decompose under normal conditions. Thermal decomposition may produce oxides of carbon.
Hazardous Polymerization: Will not occur

SECTION 11: TOXICOLOGICAL INFORMATION

Toxicity Data

Table with 3 columns: Component, CAS#, LD50 Oral - Rat. Row 1: Alkanes, C12-14-iso-, 68551-19-9, >3,900 mg/kg

Likely Routes of Exposure: Skin
Acute Effects: Excessive contact, inhalation or ingestion may cause irritation or discomfort. Refer to Sections 2 and 4 for recommended actions.

Chronic Effects: Any acute symptoms may be aggravated. Refer to Sections 2 and 4 for recommended actions.

Carcinogenicity: No components of this product are reported to product mutagenic, embryotoxic, teratogenic, or reproductive effects in humans.

SECTION 12: ECOLOGICAL INFORMATION

Safety Data Sheet: Leather Scent

Ecotoxicity	
Mixture toxicity	<u>Toxicity to Fish - Persistence and Biodegradability - Bioaccumulative Potential - Mobility in Soil</u> : All no data available.
Persistence and Biodegradability	Possibly hazardous short term degradation products are not likely. However, long term degradation products may arise.
Bioaccumulative Potential	These products have not been tested for bio-accumulation potential.
Mobility in Soil	Not Determined.
Environmental Stability	Controls should be engineered to prevent release to the environment, including procedures to prevent spills, atmospheric release and release to waterways.

SECTION 13: DISPOSAL CONSIDERATION

Dispose of this product in compliance with all applicable federal, state and local regulations.

SECTION 14: TRANSPORT INFORMATION

DOT: Not Regulated – **IATA:** Not Regulated – **IMDG:** Not Regulated

This information is not intended to convey all specific regulatory or operational requirements/information relating to this product. Additional transportation system information can be obtained through a shipper authorized sales or customer service representative.

SECTION 15: REGULATORY INFORMATION

T Federal	<p>TSCA: Components of this product are listed on the TSCA Inventory.</p> <p>RCRA: None of the ingredients are currently listed as a substance or a source waste under current regulations (40 CFR 261.31, 32 and 33).</p> <p>CERCLA: Product is not found in "List of Hazardous Substances and Reportable Quantities" (40 CFR 302.4)</p> <p>SARA TITLE III: (Superfund Amendments and Reauthorization Act)</p> <p>302 Components: None are subject to the reporting requirements of Section 302.</p> <p>313 Components: None that exceed the threshold (De Minimis) reporting levels established by Section 313.</p> <p>311/312 Hazards: Acute, Health: Yes; Chronic Health: No; Fire: No; Reactivity: No</p>
States	<p>State Right to Know Components: Not Determined</p>

SECTION 16: OTHER INFORMATION

Full alphanumeric H-Statements and P-Statements	<p>H304: May be fatal if swallowed and enters airways.</p> <p>P301+P310: IF SWALLOWED: Immediately call a POISON CENTER/doctor.</p> <p>P331: Do NOT induce vomiting.</p> <p>P405: Store locked up.</p> <p>P501: Dispose of contents/container in accordance with local/regional/national/ international regulations.</p>
--	--

Disclaimer	<p>The data presented here relates only to the specific material designated herein and does not relate to use in combination with any other materials or in any process. The information set forth above is based on technical data believed to be reliable. It is intended for use by persons having technical skill and at their own discretion and risk. Since conditions of use are outside our control, no warranties, expressed or implied are made, and no liability is assumed in connection with any use of this information. Judgments as to the suitability of this information for the user's purposes are necessarily the user's responsibility. Although reasonable care has been taken in the preparation of this information, no responsibility is assumed as to the accuracy or suitability of this information for its application to the users intended purpose or for consequences of its use.</p>
-------------------	--

Potential Health Effects	<p>This product is a mixture for which no specific health hazard data exists. OSHA requires that one should assume such mixtures present the same health hazards as do any components present in amounts greater than 1% (0.1% for carcinogens). Consumers accessing our SDS information should keep in mind the information is presented in a format required by the U.S. Government's Occupational Safety and Health Administration (OSHA). We provide SDS as a service for our business customers. These industrial SDSs are not applicable to consumer use of these products. We thoroughly evaluate the safety aspects of all of our consumer products prior to their use in the home</p>
